

DYNAMICS DIMENSIONS

Automatically Create Dimension Values in Business Central

Dynamics Dimensions allows users to set up Business Central so that when a new record is created, a Dimension Value is automatically created and set for the table.

Automatically create Dimension values

Dimension Values

Automatically create a Dimension Value and set it against a record.

Update Records

Create Dimension Values for existing records.

User-Friendly Interface

Use as part of your standard Business Central system

Part of the Dynamics App Suite

Dynamics Cues is part of the Dynamics Apps suite by Dynamics Consultants. These extensions enhance Microsoft Dynamics® 365 Business Central. Designed to streamline processes, boost productivity, and add valuable functionality, these apps integrate seamlessly into your system. With Dynamics Apps, Business Central becomes easier to use, more efficient, and better aligned with your business needs.
